- How to create lesson plans to fit the 4 types of learning styles (visual, auditory, read/write, and kinesthetic)
- Time management and patience
  - Why having back up plans are important

## How did this semester help me for the future?

- At the start of this semester I was unsure if I would make a good Ag. teacher one day and now I feel more comfortable and feel that I will be good with being a Ag. teacher
  - This semester has helped me get a step ahead and real-life experience on what being an Ag. teacher is really like
